Dear sponsor,

We are pleased to send you the annual report of your sponsored child. If you have questions, please contact BØRNEfonden's office in Copenhagen.

## Child Progress Report

Modibo is in perfect health state. He received an impregnated mosquito net from the centre in order to protect him against mosquito bites, the main cause of malaria. Besides the three daily meals shared with the other members of the family, Modibo eats several times per day. His main food ration is based on porridge in the morning, dough at midday and at night. Modibo eats well and he is growing up.

Modibo runs errand for the family. He takes care of the family's animals and also helps his parents in the farm. Modibo likes hunting lizards and playing football with his mates. He makes catapults and small cars to play with. Modibo has much enjoyed himself on June the 16th, the African child's day celebrated by the centre. He has been very glad also at celebrating the Ramadan, a Moslem feast.

Modibo is attending the 2nd grade of primary school. He attended to the summer courses organized by the centre. Modibo's brother Adama attends the 9th grade. They received school stationeries from the centre.

Modibo's family members are doing well. Farming is the main activity of the family. This year, the entire family has been glad at celebrating the Ramadan.
